Firstmark Corporation Acquires SpaceAge Control's Transducer Product Line

Firstmark Corporation is pleased to announce that on June 06, 2007 Firstmark Corporation acquired SpaceAge Control's position transducer product line. The products will be sold and supported by Firstmark Controls, a division of Firstmark Aerospace Corporation. Firstmark Aerospace has a 60-plus year history in the manufacture and development of high-precision, high-quality motion control products in the aviation, aerospace, and defense industries, with a documented track record for product dependability due to a skilled workforce and customer focus. The acquisition will allow Firstmark to enter new markets as well as enhance existing product lines.

To ensure a smooth transition for SpaceAge Control's customers, the two companies are working closely to ensure the transfer is seamless. "We recognize and appreciate that SpaceAge Control's customers expect a high level of service, and Firstmark Controls is committed to continuing that tradition. In addition to providing a dependable, well-engineered product, we have the capability to work with customers to provide them with the best solution where motion- and position-sensing products are concerned," emphasizes Firstmark Aerospace President David Devine.

SpaceAge Control will continue to serve customers until production is relocated to Creedmoor, NC in July 2007, with products shipping from Firstmark Controls at the beginning of August 2007. Customers should expect minimal support interruptions during this period. Firstmark Controls will contact customers and suppliers in mid July 2007 prior to the relocation to provide additional details.

Firstmark Aerospace is based in Creedmoor, NC close to Research Triangle Park. For more information, please contact Chris Vernatter, Product Manager, at +1-866-912-6232 (toll free), +1-919-956-4203, +1-919-682-3786 (fax), or cvernatter@firstmarkcontrols.com

To your continued success,

A handwritten signature in black ink that reads "David Devine". The signature is written in a cursive style with a large initial "D".
